To Whom It May Concern

We had the pleasure of working with Maystar General Contractors on our recent warehouse addition. Their team was very professional and kept us informed throughout the build project.

Even though we started the warehouse addition during the initial Covid period the Maystar team kept the project on schedule and on budget. They were also able to work our requests for changes into the original schedule.

Their ongoing attention to our service requests confirms we chose the right partner for the warehouse addition.

We commend Maystar General Contractors for their project coordination and professionalism. We look forward to working with Maystar General Contractors on future build projects.

Sincerely,

Gabriel Michetti
Director of Logistics
Italpasta Limited
