Re: LETTER OF SATISFACTION, V!VA WHITBY SHORES
V!VA RETIREMENT COMMUNITIES

Maystar was engaged as the Construction Manager by V!VA Retirement Communities for the construction of our new facility in Whitby, ON. Construction of the building commenced in 2018 and our contract with Maystar was fully completed in 2020.

V!VA and Maystar have a long history of successful collaboration on our Retirement Communities. For nearly 15 years we have been pleased to work with Maystar on V!VA projects throughout Ontario, including Whitby Shores, Oakville, Barrhaven, and a project currently underway at Leaside in Toronto, among others.

On our Whitby Shores project, Maystar provided excellent and skilled construction leadership, working closely and collaboratively with our team and the subtrades as the design was being finalized during the construction period to ensure that they delivered a quality facility while meeting our accelerated schedule, even at the onset of the COVID19 pandemic.

We are very satisfied with the result of the work by Maystar and would be pleased to provide further reference information if required.

Sincerely,

Shane Malhan
